

# Cannolo Burners

## Product Overview

- Highly customizable design
- Ultra low NOX emissions – less than 14 ng/J (50 mg/kWh)
- High modulation range
- High specific load

## Market Segments

- Residential & commercial boilers
- Residential furnaces
- Combi boilers
- Tankless water heaters

## Technical Specifications

- Combustion type: Premix
- Input range: 70k – 420k Btu/h (20 – 120 kW)
- Material: Metal fiber mesh and stainless steel
